

## PETITION FOR COUNTY WATER

The following property owners request to have county water installed on \_\_\_\_\_  
\_\_\_\_\_ (name of road). We agree to pay the tap fee (currently \$350) and hook  
onto the system if water becomes available. We understand that we must be active water  
customers, & will pay at least the minimum monthly bill (currently \$12.00) for at least 24  
months after tying onto the system.
