

# PETITION FOR COUNTY WATER

The following property owners request to have county water installed on \_\_\_\_\_  
\_\_\_\_\_ (name of road). We agree to pay the tap fee (currently \$750), security deposit (\$75.00 for property owners, \$150.00 for property renters), and hook onto the system if water becomes available. We understand that we must be active water customers, & will pay at least the minimum monthly bill (currently \$17.00) for at least 24 months after our tap has been set.
